OUR PLANTS GUARANTEED TO LIVE

Instead of spending vast sums for radio, magazine and other expensive advertising, it is our policy to use this expenditure in a liberal man-to-man guarantee; one that will hold water. Therefore, we guarantee, without qualification, to replace any rose bush you buy from us that does not live, free of charge, F.O.B. here. Your word is all that is required to get replacement.

POLYANTHA, BABY DOLL OR SWEETHEART ROSES

We grow two distinct types of Polyantha roses: The Dwarf, Low Growing Varieties for edging, borders and pot plants. Also, the tall growing varieties, suitable for beds, hedges and groups, and outstanding display in landscape work. All bloom continuously from spring until frost.

6727—	BABY TAUSENDSCHON	Bright, clear red. Fine pot plant and border plant	12c	9c	6c
6728—	CAMEO	A superior orange-salmon variety; free bloomer	13c	10c	7c
6729—	CECILE DRUNNER (Genuine)	Dainty, pointed buds of pink and yellow; fragrant	14c	11c	8c

WHAT YOU BUY—AND WHAT YOU GET

You are buying roses to get an abundance of cut flowers. To have that you must begin with "Root Strength" Quality plants, such as we are known to furnish. Bear in mind that if you purchase rose bushes from various sources, they look the same. But what a difference when they begin to bloom! Rose bushes with low vitality take up just as much room in your garden as our strong root plants, and require just as much cultivation, fertilizer, etc. so why not spend a few more cents per plant and get some real quality plants?

(DWARF GROWING POLYANTHA ROSE BUSHES—CONTINUED)

Cat. No.	Variety	DESCRIPTION	Nos. 1	1½	2

SEPTEMBER BULLETIN!

We have just made a thorough inspection of our rose fields. The plants are fully matured now, large and many branches. Even such difficult varieties to make branch as Hoover and Caledonia are as near perfection as it seems possible to grow them. Fields are exceptionally free from all disease and insects. We can sincerely promise you the best lot of roses we have had for twelve years.

MISCELLANEOUS WHOLESALE BARGAINS

Under this heading, we offer our many customers some extra choice stock that we think is a real bargain. Nurserymen, Florists, and Growers everywhere will find these items very useful. Many of them are rather scarce and offer a splendid opportunity to tone up your regular line. These items are offered f. o. b. here, guaranteed to be first-class stock, true to name and, description, but not guaranteed to live, as they are offered at a special wholesale price. Also, no discount of any kind may be deducted from these specialties.

DARWIN TULIPS

Our Darwin tulips are top-size (not first or second size) 42 ctm. and up, and they will produce finer flowers, on long, stiff stems well above the foliage. It does not pay to buy cheap tulips.

HYACINTHS

We offer only 17-18 ctm. hyacinth bulbs. These are superior for forcing, and far best for bedding. The smaller sizes generally offered throw some blooming spikes, but they lack the superb, stiff, well-filled flower stalks that the 17-18 ctm. bulbs will give you.

7022—L'INNOCENCE—The best pure white	7029—KING OF THE BLUES—The best dark blue

RANUNCULA AND ANEMONE

These lovely winter and early spring flowering bulbs are becoming very popular for planting in Florida and the warmer parts of the south. If planted in August and September, they produce a wealth of lovely flowers during the winter months. Every flower lover should plant a liberal supply of these.

7038—RANUNCULA, Finest strain-producing large flowers. No. 1 bulbs mixes colors: 10 for 35c—100 for \$2.75
7039—ANEMONE, St. Brigid Choice Strain—No. 1 bulbs: 10 for 35c—50 for \$1.50—250 for \$6.00

A SAVING YOU CANNOT AFFORD TO PASS UP

Send in your order, with remittance, by Sept. 30th, and you may deduct 25% from this Wholesale Price List. But that is not all: You may, if you wish, have your order shipped in a Refrigerator Car to arrive in Jacksonville, Fla. about Nov. 1st. By so doing, you save the difference between the car load freight rate, and express rate, which usually amounts to about 2¢ per bush, quite a saving. We pay express charges from Jacksonville to you, on arrival of car in Jacksonville. Therefore all the carrying charge you will be out will be car-load freight from here to Jacksonville which we estimate will be about 2¢ per bush on No. 1 plants. You may, of course, take advantage of the 25% discount and have your shipment made at any time direct to you, by express. We are shipping now.

Price for 3 to 4 ft. trees, to bloom first year, each 25c—10 for \$2.00.

TEXAS EVERBEARING FIG

Every year we see this wonderful fig bearing and fruiting we are more favorably impressed with it. The claims we have made for it heretofore are not exaggerated. It stands more cold than any other fig we know of; and even when frozen to the ground, it will come back the following summer and bear a crop of figs. The fruit is very large, light lemon yellow, fine quality, and for productiveness, have never seen anything to equal it. Have seen cuttings planted in April make a 3 ft. growth by August, and have fifteen to twenty figs to the plant. If you like figs, you will be well pleased with this wonderful new introduction. Many customers who have never been able to raise figs before, find this one easy to grow and fruit. Price for plants about 3 ft. in ht. with heavy root system, sure to bear first year.

Cat. W-763—Each 25c—10 for \$2.00—100 for \$15.00.

PEACH

We offer the standard, well-known varieties that are sure to give good results. All are strong, 5 to 6 ft. bearing size, well branched and with fine root system.
